Making FBT easy

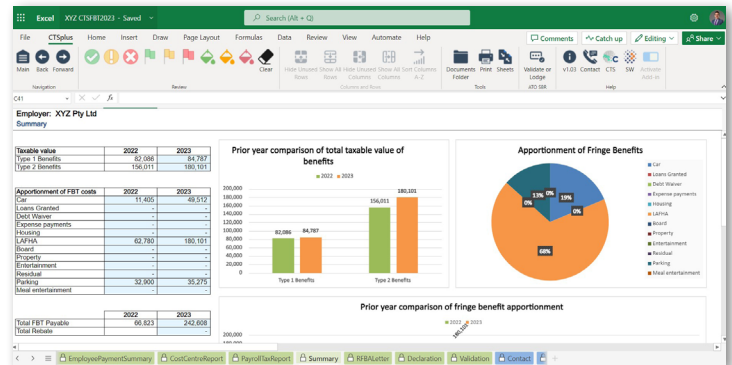

About CTS

Complete Tax Solutions (CTS) is an Excel-based system that enables businesses to streamline and automate the entire tax reporting and compliance process.

Improve accuracy and deliver increased efficiency and effectiveness with CTS.

Designed by tax experts, CTSplus FBT calculates the Fringe Benefits Tax (FBT) on all types of fringe benefits and produces the FBT Return, Payment Summary Reports and Cost Centre Summary Reports.

Who is it for?

Our software products are used by hundreds of tax professionals (including those in professional services firms and in industry) nationally.

CTSplus FBT is suitable for all business types, including:

- ✓ concessional employers
- ✓ government departments
- ✓ tax-exempt entities
- ✓ tax agents.
